

## JOINING FORCES, STRENGTHENING BONDS!

After 2 years of considerable sacrifices  
and challenges, we are back!

With renewed spirits, we strive for a new beginning, now with a more comprehensive, inclusive and optimistic view of the possibilities brought about by the learning gained during the 'storm'. Above all, now is the time to celebrate life, join forces and strengthen the bonds that unite us as learning centres of excellence, guided by the mission of providing constant professional development opportunities for our teachers.
